I take one photo for Mark of each of his days. Tonight, it was him escorting Rudy off-campus to make sure he didn't wander back to the Mansion.

Hahaha. That's awesome

He also told Flynn how he has his old cell phone number, and for the longest time he didn't understand why no one would answer him. Flynn's response? "Why wouldn't people answer if they saw my name come up on their phone"

Hahaha. True

Ello mate

Would you be able to check POTUS' call log and let me know if he's spoken to Marjorie Taylor Greene (GA-15 Rep Elect) in the last 24 hours or so?

She's called for him numerous times to let him know of a new GA Senate race theory she has (qanon). I told the Operator to hold off on connecting them and wanted Mark to talk to her first, but don't want to raise with him at the office today if they spoke

12/19 last time spoke to P

Ty Tornato

Do you miss me????

Welcome

Of course

Doesn't that play into the whole thing that the CoS has given up? Like the FL convo?

I sort of felt similarly, especially since nearly every call he's fielding from DJT is related to fighting the election results

But I'm also trying to see the other side where he may be coming from, which is giving him something he asked for that he knows will make him happy? (6mo/1yr)

It shows that he's out on Jan 20th though. He's in a good mood per the guys down there

Right — I just didn't say that

I'll call Mark later, he's going to dinner with Debbie now. POTUS won't be able to do anything in the meantime so I'll try to buy a bit of time

How's it going?

Page 3 of 9

Mark is super stressed and Rudy is wandering around with more evidence

But the crowd looks good from this vanish point. As long as we get the shot. He was fucking furious

He doesn't get it that the people on the monument side don't want to come in. They can see from there and don't have to go through mags.

The mags were free flowing at 11:02

With 30k maged inside

That's what was relayed several times and in different iterations

Poor max got chewed out

He also kept mentioning OTR to Capitol before he took the stage

Bobby will tell him no. It's not safe to do. No assets available to safely do it.

I don't think it's been elevated to Bobby yet
